## Project Description

After the team deliberating on ten(10) different ideas(more info in the [idea box](#)), we voted and concluded to build a Decentralized Finance(Defi) chat æpp on the Superhero platform. This is a chat æpp unlike the regular chat apps, it runs on æternity blockchain with the following aims;

- Secure chatting with friends and families,
- Making Sending of funds as easy as sending messages to a friend,
- Group chat functionalities that include sending funds to the group members, and most importantly,
- Having the chat æpp as a subcategory on the Superhero platform.
